IV. EQUINE CLASSIFICATIONS

If your equine's height is borderline, we suggest measuring at the beginning of the show year. You must be consistent about the size category you show him/her in.

***NOTE**: For the purposes of size classification, the height / size of an equine is declared by the first show of the year in which the equine is entered. Once an equine has been shown in a specific size classification the equine **MUST** show in that classification for the remainder of the year. No equine will be allowed to cross enter between size classifications unless specifically stated in this document.*

1. Minis shall not exceed 38 inches from the ground to where the last mane hair comes out of the body at the withers.
2. Ponies must measure between 38 inches and 14.2 hands (58 inches) from the ground to the highest point on the withers.
3. Light horses shall be at least 14.2 hands (58 inches) at the withers. Those breeds of horses that allow smaller animals may show in the horse classification and still be less than 58 inches, but they must NOT cross enter into any pony classes that year.

7. Immature equines should show according to what size they are expected to reach at maturity. For instance, a weanling Paint horse may be shown in the Light Horse Halter class even though it measures as a pony.
8. Mules and donkeys must enter according to their height.
9. Gaited horses MUST perform required gaits (i.e. walk, trot and Canter) if showing in non-gaited classes.
10. An exhibitor may question the height of an equine by making a $50 deposit to the Show Chairman and requesting the measurement of the equine. The equine shall then be measured by two members of the Show Committee or the Judge and one member of the Show Committee. The equine shall be measured standing on a hard, smooth, level surface. If the equine is wearing shoes, ½" will be deducted from the measurement. Only the two people in charge of measuring and the owner and/or a handler may be present. If the owner and/or handler declines to let the equine be measured they forfeit the rest of the entries and forfeit any points accumulated toward year end awards.

Note: If it is determined that an equine is oversized and the height can be corrected humanely prior to the gate call, the owner may do so, and the $50 is refunded. If it is shown that an equine was already shown in the wrong category, it shall forfeit entry fees, points accumulated and winnings in the incorrect classes or divisions and may be allowed to enter and show in the correct class or division for the remainder of the show or the show year. If it should be determined that the equine is in the correct height class or division after measurement, the $50 deposit shall be forfeited to Saddle & Harness Association, Inc.

The following is a description of the classes being offered in 2020. Classes may be added or subtracted from the show premium year-to-year, or run concurrently. If there is a class on the show premium that is not described below, see the Show Committee for rules.

Any class may be entered as a schooling class by paying the appropriate entry fees and turning the entry number upside down during that class. Horses and riders entered as schooling only will **not** be judged.

All Halter classes	Enter according to the size/breed of your equine. You should be asked to Walk, Trot and line up to be evaluated. Judging should be for the equine that best fits the ideal of its breed type, balance, muscling, capacity, soundness and way of going. Note: any exhibitor (youth or adult) may be "assisted" in showing (i.e. trotting) an equine in a halter class. The exhibitor of record is the person who presents (stands) the equine for the judge. The assistant is to remain in show ring at the rail when not assisting.
Halter Hairiest - Open to all equines	The only thing that matters in this class is which equine has the most hair. Usually offered only during Winter and Spring months.
Halter Weanlings – Open to all equines	Starts at May show. Foals born in the current show year.
Halter Yearlings – Open to all equines	Starts with the first show of the year. Foals born during the previous show year.
Color Class	This class is intended for equine that do NOT have a solid color body or equine of a recognized color breed. Judged **80%** on color and **20%** on conformation. Enter according to judge's direction and line up for judging. Judge should *keep in mind* the equine that best fits the ideal of its breed type, balance, muscling, capacity, soundness and way of going. May not cross enter between color and non-color classes.
Non-Color Class	This class is intended for equine with a solid color body that are not of a recognized color breed. Judged 100% on conformation. Enter according to judge's direction and line up for judging. Judge should *keep in mind* the equine that best fits the ideal of its breed type, balance, muscling, capacity, soundness and way of going. May not cross enter between color and non-color classes.
Halter Light Horse – Stock Type	Entries should be those equines with Stock horse type leg movement; such as that of a typical Quarter Horse, Appaloosa or Paint. May not cross enter between "stock" type and "pleasure" type.
Halter Light Horse – Pleasure Type	Entries should be those equines with an animated type of leg movement; such as that of a typical Arabian, Morgan, Saddlebred, Hackney or Andalusian. May not cross enter between "stock" type and "pleasure" type.

Cantering or Loping is not permitted. The driver with the fastest time is the winner. Five (5) seconds are added to the total time each time the driver knocks down a cone or breaks into the canter. If a driver and equine go off course, break into the canter three or more times or for three strides or more they are disqualified. In a multiple entry, a break into canter by any equine in the hitch shall be counted against the entire entry. The gates are to be driven in order. Once the entrant has passed through a gate – they may not return through in either direction. If this is done it will be considered off course and the exhibitor will be disqualified.
Gambler's Choice – Open	Drivers have 2 minutes to negotiate a trail course consisting of about six obstacles with differing amounts of points in any order. Each obstacle may be driven more than once, but not more than twice and not back to back. After an obstacle has been disturbed it is considered dead and may not be re-driven unless it was designed to be knocked down. After 2 minutes the ring steward sounds an alarm or bell and the driver must go through the finish line unless they are committed to an obstacle, in which case they may finish the obstacle (with the points from that obstacle to count) and then go to the finish line. Enter according to the size of your equine. Cantering or Loping is not permitted. In a multiple entry, a break into canter by any equine in the hitch shall be counted against the entire entry.

UNSOUND HORSES WILL BE EXCUSED.

Definition of Gaits

Walk - A flat-footed 4 beat gait in which each foot strikes the ground at a separate time. The feet fall in the sequence: (1) right fore, (2) left hind, (3) left fore, (4) right hind. The body of the horse is not lifted during the walk. There are always at least 2 feet on the ground.

Trot - A 2 beat diagonal gait in which the front foot and opposite hind foot strike the ground simultaneously. The rate of speed varies, as does the leg action; some breeds using a higher stepping action than others. The legs impart an upward swing to the body at this gait. The trot is used in English style classes and Driving classes.

a. Slow Trot - a trot performed with smaller strides, less ground covering
b. Working Trot - the medium speed trot at which most equines are most comfortable
c. Strong Trot - an extended, more ground covering trot with larger strides (the announcer will call for it by saying, "trot on")

NOTE: A significant difference should be apparent between the Slow Trot, Working Trot and Strong Trot.

Jog - the same 2 beat diagonal gait as the Trot, but with less forward motion and less action. It is used in Western style classes.

Canter - a 3 beat gait in which two diagonal legs are paired, falling between the beats of the other two legs. The hind foot (say, in this case, the Left), makes the first beat, then the other hind foot (the Right)

and the diagonal opposite forefoot (the Left) make the second beat simultaneously, and the last foot to fall (beat number 3) is the Right fore. Then there is a pause when the equine has all feet clear of the ground to start the cycle over again. The weight should be primarily on his hindquarters. The canter can be done on the Right (explained above) or Left Lead. The Canter is asked for in English style classes.

Lope - the same as the Canter, but a more collected, less ground covering speed. The Lope is asked for in Western style classes.

Other Gaits - Gaited horses show at gaits in accordance with the specific breed standard.

By entering and participating in a Saddle & Harness Association, Inc. competition or event and signing this Waiver, Release and Hold Harmless Agreement (the "Agreement") as the owner, lessee, driver, rider or handler and on behalf of myself and my principals, representatives, employees and/or agents, I agree that I am subject to the bylaws and rules of Saddle & Harness Association, Inc. (the "Club") and the local rules of the competition ("Rules"). I agree to be bound by the bylaws and rules of the Club and of the competition. I will accept as final the decision of the Board of Director ("Board") on any question arising under the Rules, and agree to release and hold harmless the competition, the Club, the officials, directors and employees for any action taken under the Rules. I represent that I am eligible to enter and/or participate under the Rules, and every equine I am entering is eligible as entered. I also agree that as a condition of and in consideration of acceptance of entry, the Club and/or the competition may use or assign photographs, videos, audios, cable-casts, or other likenesses of me and my horse taken during the course of the competition for the promotion, coverage or benefit of the competition, sport, or the Club. These likenesses shall not be used to advertise a product and they may not be used in such a way as to jeopardize amateur status. I hereby expressly and irrevocably waive and release any rights in connection with such use, including any claim to compensation, invasion of privacy, right of publicity, or to misappropriation. The construction and application of Club rules are governed by the laws of the State of California, and any action instituted against the Club must be filed in the County of Riverside, State of California.

I AGREE that I choose to participate voluntarily in the competition or event with my equine, as a rider, driver, handler, lessee, owner, agent, coach, trainer, or as parent or guardian of a junior exhibitor. I am fully aware and acknowledge that horse sports and this competition or event involve inherent risks of accident, loss, and serious bodily injury including broken bones, head injuries, trauma, pain, suffering, or death ("Harm").

I AGREE to release the Club, the competition or the event from all claims for money damages or otherwise for any Harm to me or my equine and for any Harm caused by me or my horse or equine to others, even if the Harm resulted, directly or indirectly, from the negligence of the Club, the competition or the event.

I AGREE to expressly assume all risks of Harm to me or my equine, including Harm resulting from the negligence of the Club or the competition.

I AGREE to indemnify (that is, to pay any losses, damages, or costs incurred by) the Club and the competition and to hold the Club harmless with respect to claims for Harm to me or my equine, and for claims made by others for any Harm caused by me or my equine at the competition or the event.
